There are also two types of paid seat to choose from: regular seating and the viewing platforms set up alongside the road. These are usually fully booked come the day of the festival, but it is possible to purchase seating on the day if there are openings.

The Nebuta floats on the course will all start at once. The floats will finish all at once again when the parade finishes, but in the case of floats that have gone through the entire course within the parade time, those floats will then finish at that point. ※There are some parts of the parade course where it will take about 15 minutes until you see the Nebuta floats.

These areas are less crowded than the rest of the parade route. Bring something to sit on and you can sit here while the road is closed for the parade. (18:30~21:00)

Join in the fun!

Dress up and dance.

Anyone can join the parades as a dancer. There is no need to sign up in advance. Simply wear the traditional dancer's outfit and you are good to go. Outfits are sold at department stores and other shops. Some shops also offer rental outfits. For more information please visit one of Aomori's tourist information centers.
